and commercial exploitation of technical textiles. The main suggestions given in the Interim Report include:

1. Promote the use of geo-textiles on National Highways, dams, railways and other Government projects.
2. Promote use of Technical Textiles in Government programmes implemented by various Ministries like Health, Defence, Water Resources, Surface Transport, etc.
3. Establish testing facilities and standards in the country for Technical Textiles.
4. Set up an Inter-Ministerial Coordination Committee for facilitating growth of Technical Textiles.

श्री लाजपत राय: चेयरमैन सर, मैंने जवाब पढ़ा है। उसमें टैक्सेशन के बारे में जिक्र किया गया है, सिवाय री-कंस्ट्रक्शन फंड के। मैं यह जानना चाहता हूं कि टैक्सटाइल इंडस्ट्री के तीन हिस्से हैं— पॉवरलूम, हैंडलूम और निटिंग इंडस्ट्री, तीनों में से दो अन-आर्गेनाइज्ड हैं, तो इनको आर्गेनाइज्ड करने के लिए क्या कदम उठाए गए हैं?

श्री सैयद शाहनवाज हुसैन: सभापति जी, इन्होंने कमेटीज़ के बारे में पूछा था, सरकार ने ऐसी दो कमेटीज़ बनाई हैं। उन की रिपोर्ट आ गयी है और हमने कदम उठा लिया है।

श्री सभापति: श्री भारतेन्दु प्रकाश सिंहल।

श्री भारतेन्दु प्रकाश सिंहल: सर, पिछले प्रश्न में सप्लीमैंटरी पूछना था, लेकिन उस समय आप ने नाम नहीं पुकारा।

श्री सभापति: मैं क्या करूं घड़ी साथ नहीं दे रही। Question Hour is over.

WRITTEN ANSWERS TO STARRED QUESTIONS

Army colleges and institutions in the country

*225. SHRI BACHANI LEKHRAJ: Will the Minister of DEFENCE be pleased to state:

(a) the number of army colleges and institutions in the country;

(b) the places where they are located;

(c) whether any college/institute is also located in Gujarat;

Statement-III

Details of EME School, Vadodara

Electronics and Mechanical Engineering (EME) School, Vadodara, is a premier Category 'A' Establishment of the Indian army. The mission of EME School encompasses the need to provide education in science, engineering and management towards the enhancement of the operational effectiveness of the equipment held in the Indian army. The School

conducts postgraduate level courses for officers and diploma and certificates level courses for Personnel Below Officers Rank (PBOR). Approximately 400 officers and 5000 PBOR including personnel from Para Military Forces (PMF) and Friendly Foreign Countries are trained per year in this School. The School is organised into three faculties, namely, Faculty of Weapon Technology (FWT), Faculty of Vehicle Technology (FVT) and Faculty of Instrumentation Technology (FIT).

Expansion of NALCO

*228. SHRI SURENDRA LATH: Will the Minister of MINES be pleased to state:

(a) whether the National Aluminium Company Ltd. (NALCO) is heading for expansion;

(b) if so, the details of the expansion proposed by NALCO;

(c) the amount of investment involved in the expansion programme; and

(d) the time limit fixed for the same?

THE MINISTER OF STATE OF THE MINISTRY OF MINES (SHRI RAMESH BAIS):

Statement

(a) to (d) Yes, Sir. National Aluminium Company Limited (NALCO) is currently implementing Rs. 4206.60 crores expansion project comprising of expansion of its Mining capacity from 24,00,000 TPY to 48,00,000 TPY, Refinery capacity from 8,00,000 TPY to 15,75,000 TPY, Smelter capacity from 2,30,000 TPY to 3,45,000 TPY and expansion in the capacity of its Captive Power Plant (CPP) from 6 x 120 MW to 8 X 120 MW by addition of 7th and the 8th units with additional capacity of 120 MW each. Out of the aforesaid, the work for expansion of mining and refinery capacity and addition of 7th unit in the CPP has since been completed. The smelter expansion project has also been mechanically completed but out of the 240 pots, only 120 pots have been operationalised. The remaining 120 pots are likely to be operationalised by April, 2004 after commissioning of 8th unit of CPP which is expected to be synchronised by February, 2004.

In addition, NALCO has submitted a proposal for second phase expansion of the capacities of its Bauxite Mines from 48,00,000 TPY to
